## a message from tiffany

“When I was creating this Fall Steal It Box, I wanted the box to have a collected feel that would evoke a warm and cozy feeling in any home. Each of the items in the box are a representation of my transitional decor style. Some of my favorite pieces to style my home with are greenery stems, aged pottery pieces, vintage inspired artwork, decorative boxes and throw blankets. You can find all of those in this box! I wanted the pieces to have the ability to be used all together or in small groupings. I also wanted them to work in a variety of areas within the home. This collection is the perfect blend of some of my favorite decor pieces. I hope you will love decorating your home with each of these pieces too!”
