OUR INSPIRATION

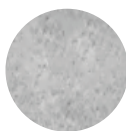

tantalizing & transformative

Our team worked tirelessly with artisans across America to bring you hand crafted décor made right here in the USA. You can have the confidence that your patriotic purchase is supporting families and businesses, locally. No one else is bringing such a collection at an amazing price, right to your door. Inspiration for this inaugural box stemmed directly from your favorite spots to relax outside- your porch and backyard. Gathering with friends and family in a beautiful space is what our forefathers had in mind when it came to freedom. We have thoughtfully designed and curated this special box so that you will have a turnkey way to decorate with charming pieces that speak to the Land of the Free. Take a look at how our friends@jamiewardtv and @downshiloroad styled each item to create a unique look.

eagle adornment

The Bald Eagle is our national bird as well as a symbol of strength, courage, and FREEDOM! It is no wonder that you can find this treasured creature on some of the most important pieces of American property- from famous documents to currency. This uniquely crafted metal bird stake is made by a family-owned small business in Utah.

METAL EAGLE

Designed with nature in mind, the steel is raw and ready to be hammered into your landscape. The eagle can be inserted into a tree, the corner of a shed or even perched on a porch post. Over time, raw steel will naturally patina with shades of rust depending on your geographic location. The rust will not destroy your eagle, rather enhance the beauty. Follow the QR code for an installation video and sealing instructions.

Total Dimensions: 14.5" x 1/16" x 8". 10 gauge sanded cold rolled steel. Designed to be simply hammered into a tree.

► STYLE TIP

Not a fan of rust? No worries, a simple application of your favorite spray sealer will do the job, just apply annually if keeping outdoors.
